Exclusive celebrations with a Mediterranean breeze

In the heart of Mallorca

At The Lodge Mallorca, Mediterranean essence meets serene and exclusive luxury. The Mallorcan landscape gifts us with fields of lavender, almond trees, carob trees, ancient olive trees, vegetable gardens, and fruit trees. An extraordinary setting, surrounded by pristine nature and unmatched views of the Tramuntana mountains will embrace you on such an important day as your celebration.

We pay attention to every detail, providing the exclusivity and privacy that will allow you to celebrate the ceremony you have always dreamed of. You decide the “I do.”

We are your accomplices. We want to be part of your story, to accompany you on such a special day with dedication and enthusiasm. Our team of organizers, with extensive experience on the island, will be your best ally.

Celebrate in the Mediterranean

Endless open-air spaces, such as our lavender fields, the pool area, or the upper pergola. Enclaves surrounded by the Mallorcan mountains and flooded with natural light; a private estate or our restaurant... Each space will make you and your guests feel the special and harmonious atmosphere offered by The Lodge Mallorca, using noble materials such as cotton, linen, natural stones, and wood, creating a natural and elegant environment. Mediterranean luxury, a love for detail, and excellent service make The Lodge Mallorca a unique and exceptional setting for weddings.
